(1st Pt) First, I enjoy going to the beach because it is a great place to play. (Ex) Whenever I go to the beach, I have an enormous amount of fun playing in the sand. As soon as we unpack our beach gear, I immediately pick up a bucket, sand shovel, and other tools and start to create one of my incredible sand castles. Last week it took me over an hour and a half, but I built this three story sand castle that had over 100 windows, four turrets, a one foot moat surrounding it, and an arched doorway into the castle. My mom liked it so much that she took a picture of it with me standing by it, and I get no greater feeling than when I make something out of sand that others appreciate.
