Manufacturing Technology

The Advanced Manufacturing Technology class at GOMS has just completed an entrepreneurship unit. This unit was student-led from first concept design to final advertisement and trellis assembly. Please check out the advertisement below and consider supporting our awesome students. Contact Mr. Brown at cbrown@rocklinusd.org if you have any questions or would like to place an order.

The advertisement is a dark-themed flyer for 'FAN TRELLIS' FOR SALE. At the top right, it says 'SUPPORT OUR STUDENTS' with a GOMS logo. The main title 'FAN TRELLIS' FOR SALE' is in large, green, outlined letters. Below the title, it describes the product as a sleek, modern design built by the Advanced Manufacturing Technology class at Granite Oaks Middle School. A green box lists two sizes available: \$50 or \$60, with measurements of 5' x 5' and 6' x 5'. A photo shows a fan trellis structure against a background of green foliage. The text 'Handcrafted for your garden!' is written in green. Below this, two paragraphs describe the product's quality and the purpose of the fundraiser. At the bottom, it states that the funds raised will go to the students' class to help them create more inspiring and amazing builds within the Advanced Manufacturing Technology class.

Hi GOMS families!

We are “upping” our communication game! We want to sincerely thank the parents and grandparents who have expressed interest in helping the Parent Falcon Club (PFC) over the last few months! We LOVE our volunteers and can’t wait to work with you as we transition to 2023!

If you have not signed up to be on our volunteer list, please email graniteoakspfc@gmail.com with “VOLUNTEER” in the subject line. Please include your first and last name, your student’s first and last name, their grade and homeroom teacher, and your phone number. If there’s a particular area that you’d like to focus on, please include that information as well.
