Dear GOMS Families,

Our year has flown by and we are rapidly approaching the end of our first semester. Thursday, December 22nd is the last day of our first semester and is a minimum day. Please log on to Schoology this weekend with your student to check their academic progress in their classes and help motivate them to finish the semester in a positive fashion.

We would like to thank all of our families that have donated to help GOMS families in need of support. It is not too late to donate to our families before we leave for Winter Break. Any gift cards can be dropped off at our Student Services office by Tuesday, December 20th. Thank you again for helping us support families from GOMS during this holiday season.

We hope that you all have a fun weekend with your family.

All the best,  
Mr. Anaya and Mr. Holmes

### **RUSD Student Chromebook Announcement**

We live in a world where our network is constantly tested and attacked from not only the outside, but unfortunately from within also. Rocklin Unified School District is committed to providing a secure network and district online resources to support learning and protect our students' data. **Because of this all students must have a managed Chromebook for use in class beginning January 30, 2023. Students should no longer use personal devices, like Macbooks or PC's, after this date.** For more information, families can go to our [Technology Services Family Resource page](#).

All students will have to choose one of these three options:

1. Complete an [ECF application](#) for a new device
2. Check out a current RUSD Chromebook - for families who do not wish to check out an ECF device. Please contact David Jurgeit at [djurgeit@rocklinusd.org](mailto:djurgeit@rocklinusd.org) if you would like to check out a RUSD Chromebook
3. [Install a Google Management](#) License on a [personal Chromebook](#). For questions regarding installing personal chromebook licensing contact David Jurgeit at [djurgeit@rocklinusd.org](mailto:djurgeit@rocklinusd.org)

**All RUSD students must have either a ECF Chromebook, a previously used RUSD Chromebook, or apply the license to their personal Chromebook by January 30, 2023.**
