December 23rd through January 6th - NO SCHOOL - Winter Break

Please be sure to check your Aeries Parent Portal for your student's new second semester class schedule as some of your student's classes/periods may have changed.

Dear GOMS Families,

Our GOMS staff would like to wish you and your family a happy, healthy, and safe winter break. This is a time for all of us to recharge our batteries and be ready for our second semester.

Thank you to all of our families who donated to help GOMS students and families in need. Your outpouring of support was amazing and will go a long way to making this holiday season one to remember. GOMS has families that are homeless, suffering from medical issues, and have lost sources of income.

Over \$3,400 dollars was raised to support over 17 families at GOMS. Your support will give these families much needed resources and joy during this holiday season. Also, GOMS staff and students collected over 1500 food items for Placer County families that are food insecure. We are all lucky to have a village that supports those in need. Thank you for your unselfish support for those in our community who have extra needs.

Please be sure to check your Aeries Parent Portal for your student's new second semester class schedule as some of your student's classes/periods may have changed.

Our staff is looking forward to turning the clock on the 2022 year and moving forward with all of our students in 2023! Take a moment to check out our latest [Falcon Broadcast](#) wishing all a great Winter Break. Have a great break and we will see you next year!

All the best,
Mr. Anaya and Mr. Holmes

RUSD Student Chromebook Announcement

We live in a world where our network is constantly tested and attacked from not only the outside, but unfortunately from within also. Rocklin Unified School District is committed to providing a secure network and district online resources to support learning and protect our students' data. **Because of this all students must have a managed Chromebook for use in class beginning January 30, 2023. Students should no longer use personal devices, like Macbooks or PC's, after this date.** For more information, families can go to our [Technology Services Family Resource page](#).

All students will have to choose one of these three options:

1. Complete an [ECF application](#) for a new device
2. Check out a current RUSD Chromebook - for families who do not wish to check out an ECF device. Please contact David Jurgeit at djurgeit@rocklinusd.org if you would like to check out a RUSD Chromebook
3. [Install a Google Management License](#) on a [personal Chromebook](#). For questions regarding installing personal chromebook licensing contact David Jurgeit at djurgeit@rocklinusd.org

All RUSD students must have either a ECF Chromebook, a previously used RUSD Chromebook, or apply the license to their personal Chromebook by January 30, 2023.
